

COMPUTER SEARCH PLANNER

SEARCH TOPIC (the problem):

Try several combinations of descriptors:

Key Words/ Descriptors Related to the Problem:

Search #1	Search #2	Search #3
.	.	.
.	.	.
.	.	.
.	.	.
.	.	.

Helpful hints:

1. If your search results contains too few listings, your descriptor topics are too narrow.
Use fewer descriptors and try again.
2. If your search results contains too many listings, your descriptor topics are too broad.
Use more descriptors and try again.
3. If you would like to look at several sides of the problem, create several searches.
Use different combinations of descriptors for each.

Students must conduct their own computer searches.
